Nail Trim With Each Visit

	Cost	Value	YOU SAVE
Kitten Package – 2 visit	\$221.75	\$260.90	\$39.15 (15%)
Kitten Package – 3 Visit	\$302.50	\$355.90	\$53.40 (15%)

* The kitten plans are cost effective for kittens starting their vaccine series between 6-11 weeks of age.

- ❖ The feline distemper combination vaccine (FVRCP) is a multi-purpose vaccine that includes Panleukopenia (Distemper), Rhinotracheitis, and Calicivirus. This is boosted every three weeks until your kitten is 16 weeks old. Boosters are recommended to maintain immunity.
- ❖ Blood test for Feline Leukemia Virus and Feline Immunodeficiency virus.
- ❖ Fecal testing and basic deworming with each visit.
- ❖ The first Rabies Vaccine given will provide immunity for one year and includes the 1 year county tag. When your kitten (cat) is due for his/her next Rabies vaccination, a 1-year or 3-year vaccine may be given.

The full amount is due at the time of the initial examination and / or vaccinations. It is not refundable and no substitutions can be made.

Important Note: The Package covers only routine vaccinations and the above services. Vaccinations for Feline Leukemia are additional. Any medical conditions and associated treatments are subject to normal fees.
