>81#	Current Package Price: \$260.00 Special Package Price: \$210.00 (a \$50.00 savings)	Current Package Price: \$290.00 Special Package Price: \$240.00 (a \$50.00 savings)

* Our Level 1 package is a complete dental procedure with routine cleaning and no extractions. This includes the pre-anesthetic blood work, anesthesia, teeth cleaning and antibiotic injection and oral antibiotics sent home.

** Our Level 2 package is a complete dental procedure with routine / extensive cleaning and/ or minor extractions not including the 4th pre-molar tooth. This includes the pre-anesthetic blood work, anesthesia, teeth cleaning, extractions, oral pain medications sent home and antibiotic injection and oral antibiotics sent home.

This offer includes \$50.00 off our DENTAL PACKAGE

As a continuation of insuring patient safety, IV fluids and individual technician monitoring of vitals during and after anesthetic procedures are included at no additional charge.

To minimize anesthetic risk and complications, a standard blood chemistry / CBC panel is performed for all pets going under any anesthetic procedure AND is included in the dental package above.

All dogs must be current on Rabies, Distemper, Bordetella and Heartworm testing.

All cats must be current on Rabies and Distemper

If there are any additional procedures or medications not related to the dental cleaning there will be at an additional fee.
